

JAMES P. LARSON DEAD AT EPHRAIM

Indian War Veteran and
Progressive Citizen Passes
Away.

James P. Larson died at 12:40 a. m. of Bright's disease at Ephraim, Utah, on Sunday morning, May 12, 1912. Larson was one of the pioneers of the town, being about 70 years old. He was prominent in the community and the interest of the town on account of his industry and the interest he took in community matters. He was counted among the Indian war veterans of that section. His industry and perseverance brought him among the substantial citizens of Ephraim. He was a musician and an accomplished pianist, having led the orchestra for several years. In the fall of 1911, he was a member of the Mormon church and was a consistent member, taking a mission to his native country, Sweden, several years ago. Larson was born in Sweden, and for a part of his life he was a nurse. He was the father of the first of the Larson family in the town of Ephraim, which was founded by Mr. Larson, but no record is kept concerning funeral arrangements.

WITH SUMMONS PIONEER WOMAN

Marj P. Benson, wife of Samuel Benson of Taylorsville, died at the residence at 11 o'clock Friday morning of the heart. Benson was born in Oulley, Bedfordshire, England, in 1846 and came to Utah in 1860, making the journey across the plains by team, one of which she was having the care of an infant and mother. She was married to Mr. Benson in 1862. She was the mother of seven children, all of whom were reared in this country. Benson was a member of the LDS church and was a consistent member. She was a pioneer woman and a woman of many virtues. Her death is a great loss to the community.

TELL HISTORY OF OVERLAND TRAIL

The lecture will be given at the Salt Lake City. Irwin is a well-known lecturer and will give an interesting and informative lecture on the history of the overland trail. The lecture will be given at the Salt Lake City. Irwin is a well-known lecturer and will give an interesting and informative lecture on the history of the overland trail.

Woman's Power Over Man

Woman's most glorious endowment is the power to hold the pure and honest love of a man. When she loses it and still loves on, she is the world can know the heart agony. The woman who suffers from weakness and derangement of her special womanly organs loses the power to sway the heart of a man. Her general health suffers and she loses her power and prestige as a woman. Dr. R. V. Pierce, of Buffalo, N. Y., with the assistance of his staff of able physicians, has prescribed for and cured many women. He has devised a successful remedy for women's ailments. It is known as Dr. Pierce's Favorite Prescription. It is a positive cure for the weaknesses and disorders peculiar to women. It purifies, regulates and builds up the system. Medicine dealers sell it. No honest dealer will refuse to accept a substitute in order to make a little larger profit.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

Dr. Pierce's Pleasant Pellets regulate and strengthen Stomach, Liver and Bowels.

Lives There a Woman With a Soul So Dead Who Does Not Want Nice Hair on Her Head?

—HERPICIDE—

Certainly not! Every woman admires beautiful hair and wants it. Every woman can have nice hair. Not the kind that may be purchased at the store, but real live hair growing on her own head. There is nothing adds so much to woman's charm as a nice head of natural fluffy hair. It is not difficult to have nice hair. If not interfered with the hair will grow long and luxuriantly.

The most destructive and most prevalent form of hair trouble is dandruff. Herpicide kills the germ which causes this annoying accumulation, keeps the scalp clean and prevents the hair from falling out. This allows the follicles not already atrophied to spring into life, shooting forth from the tiny dormant papilla new healthy hair.

You experience marvelous benefit from the first application. The terrible itching which is indicative of dandruff stops at once. The hair becomes glossy and lustrous with a beauty that always indicates a clean healthy scalp. More men and women have gotten positive results from the use of Newbro's Herpicide than from all other remedies combined. Why then court possible disappointments by using an off brand hair remedy when you can just as easily and cheaply have Herpicide, The Original Dandruff Germ Destroyer? It makes all hair beautiful.

THE HERPICIDE CO., Dept. 81B, Detroit, Michigan,

will, upon receipt of Ten Cents in postage or silver send a sample bottle and valuable pamphlet about the hair to any address.

Herpicide in 50 cents and \$1.00 sizes may be found at all toilet goods counters. Ask your own dealer for it. If you are not satisfied he will refund your money. Applications obtained at the better barber shops and hair-dressing parlors.

EXECUTIONERS ARE ENGAGED IN PRACTICE

The five men who will execute Julius Sirway in the prison yard at the penitentiary a week from next Tuesday by shooting with rifles at a target placed over his heart, have been engaged at intervals during the past week testing their skill at shooting. The result of the tests has been the development of a deadly accuracy that should insure an instantaneous death for the condemned man. The identity of the executioners is known only to themselves and Sheriff Joseph C. Sharp, who will have charge of the affair. The men will stand behind a canvas sheet having five slits through which to aim the rifles. Four of the rifles will be loaded with lead and one will have a blank cartridge. The chance of having the blank cartridge and the obscurity thrown around their identity constitutes the only solace allowed the executioners to offset whatever qualms they may have concerning their gruesome duty.

DEATH OF SHANAHAN REMOVES NOTABLE MAN

The death of John A. Shanahan, who passed away on Friday, removed a notable figure from the life of the state. At the time of his death he was, and had been for eight years, a member of the official family in the engineering department of the Salt Lake Route. Tribes Hill, N. Y., in May, 1871. He was graduated from Yale and almost immediately was called into service in large engineering projects, beginning with the Chicago drainage canal. On the completion of the project he was called to the assistant superintendent of bridges and buildings with the Union Pacific, distinguishing himself in connection with the great Kaw valley flood of 1902 in the work of reconstruction. In 1904 he was called to service with the Salt Lake Route, as superintendent of bridges and buildings, being promoted to the position of division engineer during the rebuilding of the Meadow Valley wash line following the great floods and damage to the lines of the Salt Lake Route. His work here was lauded by all the technical magazines of the railroad world. Just after the completion of this work, Mr. Shanahan was stricken with paralysis and his death resulted. He is survived by his aged parents, a widow and two children, who reside at 44 Eleventh East street. Mr. Shanahan was a member of the local lodge of Elks. The funeral will be held from the family residence Sunday afternoon.

HEBER L. MAGLEY HOME FROM MEXICO

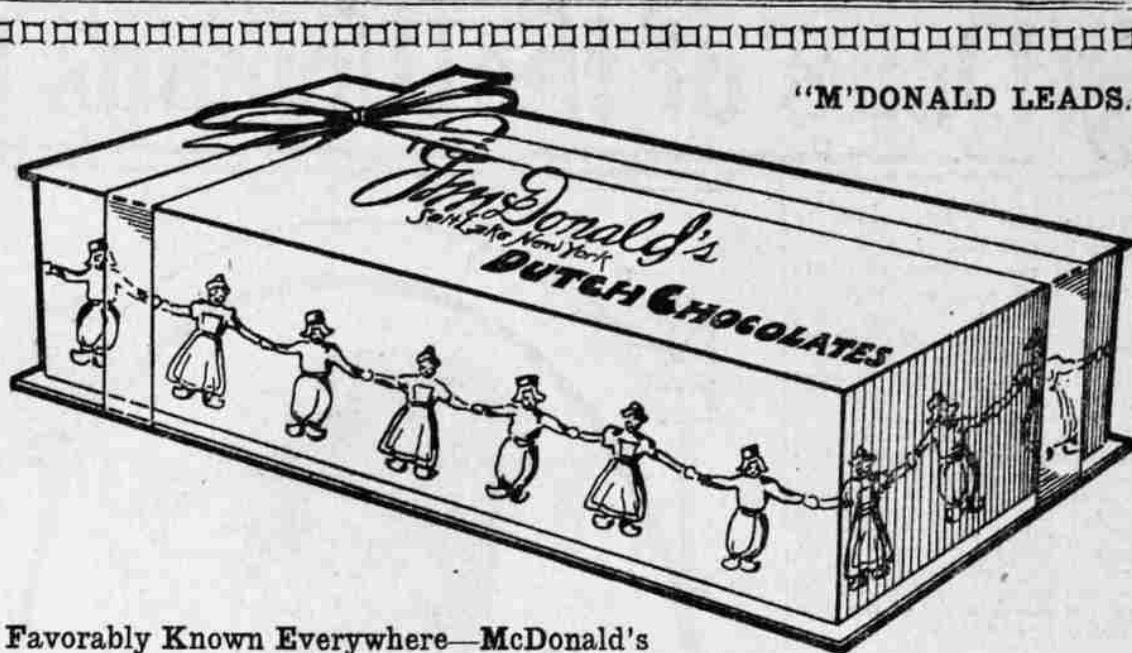

Heber L. Magley has returned to Utah after three and a half years on the rubber plantation of the Utah Mexican company in tropical Mexico. Mr. Magley's contract with the company expired the first of the year, but he waited for a change of season before removing his wife and children from the torrid zone to the frigidity of a northern winter. Mr. Magley reports unsettled conditions, but no hostility to Americans in the state of Tabasco. The main dispute there seems to be over the claims of several rival candidates for governor, and while it has been going on ever since the departure of Porfirio Diaz and has seriously interfered with work and business, it has never reached the alarming and dangerous stage that it has in northern Mexico. Mr. Magley reports that the plantation is in excellent condition, ready for the harvest whenever it is possible to resume free tapping. Mr. Magley took his family to Monroe yesterday morning, where he expects to go into business.

ADMITS HE FACES NUMEROUS CHARGES

Frank L. Gaybrook, who admitted Friday to United States Marshal J. H. Anderson that he is wanted in Vancouver, B. C., on no less than fourteen burglary charges, yesterday signed a formal document waiving all right or intention of resisting extradition by the Canadian authorities. This will facilitate his return to Vancouver by at least sixty days, which would be consumed in conducting the diplomatic negotiations necessary to international extradition. Marshal Anderson mailed the signed document to the Canadian authorities last night and an officer will be dispatched to take Gaybrook back as soon as the paper is received. The identification of Gaybrook, who has been held a prisoner at the county jail for several days, was accomplished by means of a photograph received by Marshal Anderson at the time. Gaybrook was sentenced to the federal prison on McNeill island for raising bank notes. After leaving the government prison at the expiration of his sentence, Gaybrook went to Vancouver, where he was arrested on fourteen burglary charges. While awaiting trial he escaped from the Vancouver jail by swimming through two barred windows. He was picked up on suspicion by Sheriff Joseph C. Sharp a week ago. Upon being confronted with the photograph and his record, Gaybrook admitted his identity.

Work on Bungalows.

Tomorrow morning A. Richter will begin work on two new five-room bungalows in Fairmount Springs addition. He says that business generally has been good, that rental collections have improved and that there is plenty of money available for loan to home builders.

Favorably Known Everywhere—McDonald's

Dutch Chocolates

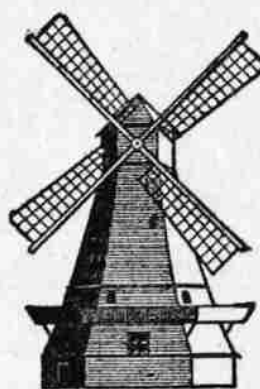

The Maximum of Good Quality at a Minimum Price

It is the coating that makes or mars chocolates. It is the expensive item. There are hundreds of cheap kinds. We could save thousands of dollars if we would use them. But—

We import direct from South America the finest cocoa beans grown—we grind them in our own factory with the latest improved machinery. We make our own chocolate coating.

It is absolutely the finest chocolate coating you ever tasted. We make a special blend for DUTCH CHOCOLATES, one that is particularly nice with cream, nut and fruit centers.

These chocolates are beautifully put up. But please remember, we only ask you to pay thirty or sixty cents (half pound or pound) for the candy—not the chocolate coating.

BLUE DUTCH CHEWING CHOCOLATES is a happy combination of delicious chocolate coatings (our own make), over varied firm centers—nougat, caramel, hard centers, etc.—mixed with chopped nuts and fruit.

MANY FRIENDS BID J. MELTZER FAREWELL

A farewell party was tendered to the members of his staff and invited guests by Joseph Meltzer last evening, in the Ladies Literary club rooms. Mr. Meltzer, who was formerly superintendent of the Metropolitan Life Insurance company here, will go with his family soon to Oakland, Cal., where he will take charge of a larger territory for the same company. There were about seventy-five couples present at the farewell party last evening. After a short musical programme, refreshments were served and then the evening given over to dancing. In addition to the members of his staff and their families the following were among the invited guests: Mr. and Mrs. Elmer A. Richter, C. E. Moss, Mr. and Mrs. Joseph V. Smith, Mr. and Mrs. Daniel Livingston, Mr. and Mrs. Willard Done and Mr. and Mrs. Harry Jones.

J. M. Howell, a popular druggist of Greensburg, Ky., says, "We use Chamberlain's Cough Remedy in our own household and know it is excellent." For sale by all dealers.

WOMAN IS ADMITTED TO THE BAR OF UTAH

Thirteen applicants for permission to practice before the supreme court of Utah were yesterday examined by the committee of the Utah State Bar association, seven of them (among whom was one woman) passing and six failing. Those who were successful in taking the examination were George O. Marra, Agnes Swaney, J. T. Hammond, Jr., Charles Woodbury, Ray Dillman, W. J. Mitchell and Julian M. Thomas. The examining committee's recommendation that the successful applicants be admitted to practice will go up to the supreme court tomorrow.

Run Down by Auto.

J. L. Bell, 1045 West Second South street, who was struck by an automobile driven by Mark Adams of Auto Exchange last Wednesday morning, is confined to his bed with injuries that may prove serious. Mr. Bell's back was badly wrenched. He was crossing the intersection of Third South and State streets on a bicycle when the auto ran into him.

Woman's Danger Period From 45 to 50

This is a most critical period of a woman's existence, and the anxiety felt by women as it draws near is not without reason.

Every woman who neglects the care of her health at this time invites disease and pain.

When her system is in a deranged condition, or she is predisposed to apoplexy or congestion of any organ, the tendency is at this period likely to become active—and with a host of nervous irritations, make life a burden. At this time, also, cancers and tumors are more liable to form, and begin their destructive work.

Such warning symptoms as sense of suffocation from hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected.

These symptoms are all just so many calls from nature for help. Lydia E. Pinkham's Vegetable Compound is prepared to meet the needs of women's system at this trying period of her life. No other medicine is so universally successful, and so favorably known. It invigorates and strengthens the organism and builds up the weakened nervous system.

Interesting Experience of Two Women.

ASHEVILLE, N. C.—"I suffered for years while going through the Change of Life. I tried a local physician for a couple of years without any substantial benefit. Finally after repeated suggestions to try Lydia E. Pinkham's Vegetable Compound, I quit my physician and commenced using it with the happiest results. I am today practically a well woman and anxious to contribute my mite towards inducing others to try your great medicine, as I am fully persuaded that it will cure the ailments from which I suffered if given a fair chance. If you think this letter will contribute anything toward further introducing your medicines to afflicted women who are passing through this trying period, it is with great pleasure I consent to its publication."—Mrs. JULIA A. MOORE, 17 East St., Asheville, N. C.

CIRCLEVILLE, OHIO.—"I can truthfully say that I never had anything do me so much good during Change of Life as Lydia E. Pinkham's Vegetable Compound. Before I had taken one half a bottle of it I began to feel better, and I have continued taking it. My health is better than it has been for several years. If all women would take it they would escape untold pain and misery at this time of life."—Mrs. ALICE KIRKIN, 338 West Mill Street, Circleville, Ohio.

A HANDSOME REWARD WILL BE GIVEN

to any person who will prove that any of our testimonial letters constantly being published in the daily newspapers are not genuine and truthful, or that any of these women were paid in any way to give their testimonials or that the letters were published without their permission or that all the original letters did not come to us entirely unsolicited.

THE LYDIA E. PINKHAM MEDICINE CO., Lynn, Mass.
